

Company Profile

DOBSON TRANSPORT

“We deliver on time”

ABOUT US

Dobson Transport specializes in the local and long distance freight transportation of Steel, Conveyor Belts, Containers, Timber and Palletized Cargo. With offices in Pretoria and Port Elizabeth, covering the majority of main routes along the central and southern regions of South Africa.

Dobson Transport was founded in 2001. We mainly specialize in the transportation of Steel, Conveyor Belts, Containers, Timber, and Palletized Cargo.

Trucks we use are tri axle's 13 meter trailers with a load capacity of 28 tons and super links 6x12 meter trailers with a load capacity of 34 tons.

We deliver anywhere within the boundaries of South Africa.

We at Dobson Transport have a vast experience in the transport industry and a list of customers that use our service. Our 2 office branches are situated in Pretoria and Port Elizabeth.

OPERATIONS

Areas we service dally (to & from):

- Cape Town
- Durban
- East London
- Johannesburg
- Port Elizabeth
- Pretoria

Range of service:

Local and long distance transport, general heavy haulage, 6m and 12m, containers, raw materials, and finished products.
Major commodities transported by Dobson Transport:

Tonnages:

We are able to load approximately 28 tons per tri-taxi for the Kwa-Zulu Natal regions. Links are Loaded with a maximum of 34 tons for all Kwa-Zulu Natal regions.

We can load between 28 to 30 tons per tri-axle for the Cape and Eastern Cape regions.

FLEET

Fleet

Dobson Transport makes use of the following type of vehicles on daily basis:
(All vehicles are in perfect running order, maintained and serviced regularly to ensure that they are ready to work at all times.)

Super Link:

This vehicle has a carrying capacity of up to 34 tons. Trailer types include flat beds, drop sides and taut-liners. These are made up of 2 trailers which are usually 1 x 6m and 1 x 12m. The majority of the flat bed vehicles are fitted with twist locks so that the container can be loaded when required.

Tri-Axle:

This vehicle has a carrying capacity of around 28 - 30 tons, which is the legal permissible mass to the natal area. These trailers range between 12m - 15m in length. Once again this comes fitted with twists, locks and can be drop sided.

Other Vehicle Types:

- Double axle - maximum load of 22 tons (12m trailer)
- 10 tonner, 8 tonner and 6 tonner.

Vehicle Equipment and GIT Insurance:

All trucks are equipped with satellite tracking and all drivers have cell phones. All trucks are kitted out with tarps, corner plates, nets, straps and chains. We are registered on the navis system enabling us to load from all major ports in South Africa. We have goods in transit insurance which is set at R750000 per load.
